Saturday, October 4, 2025

12:00 p.m. - 1:30 p.m.

**Bridging Recovery and Service: From Me to We** explores how the Steps prepare us for the Traditions, and how both together lay the foundation for service in our fellowship. Since we are a young fellowship, we have not yet identified the spiritual principles of the Traditions. ***This session will begin that process together.***

Through guided questions and fellowship sharing, we will reflect on a few key Traditions and the principles they may hold for us, opening the door for group unity and shared understanding. This is the first step in building ***Traditions Awareness***, which will continue to grow through additional workshops in the future.
