Food Addicts Anonymous World Service (FAAWS) is providing this meeting information as a service for those who wish to attend FAA meetings. According to Tradition 4 each group should be autonomous except in matters affecting other groups or FAA as a whole. Our groups may operate independently and make their own decisions as long as they adhere to the principles of FAA and don't affiliate themselves with other causes. FAA does not review, endorse, or govern any meetings. We appreciate your interest and hope you find this information helpful.

Phone Meetings are organized and run by independent inter-groups, groups, or individuals. FAA World Service does not run meetings. For more information about a particular meeting please contact the Group or Meeting directly.

If you start a meeting not affiliated with an existing group, please register your meeting with World Service Office so it can be listed.
